

Seek and Sight - Storyboard: Ellie Engineer's World

Scene 1: Welcome to the Site

Ellie waves hello at a playful construction site full of bright, colorful equipment. She introduces the goal: 'Let's build using your sight words!'

Scene 2: Word Tower Game

Blocks float with sight words printed on them. The player drags and stacks blocks in the correct order to build a tall tower. If they stack the right ones, the tower grows!

Scene 3: Tool Match Game

A toolbox opens with various tools. Each tool is labeled or matched with a word. The player must match sight words like 'hammer' or 'wrench' to the correct tool images.

Scene 4: Fix-It Game

A broken bridge appears. Planks are missing and each plank has a sight word. The player must drag the correct sight words into the right positions to fix the bridge and help Ellie cross.

Scene 5: Success & Celebration

Once the tasks are completed, Ellie cheers and gives a thumbs up. Confetti bursts from a wheelbarrow, and a 'Great Job!' badge is earned. A button appears to go to the next world.
